It Saved His Leg. "All thought I'd lose my leg," writes J. A. Swensen, of Watertown, Wis. "Ten years of eezema, that 15 doctors could not cure, had at hast Jaid me up. Then Bucklen's Arnica Salve cuted it, sound and well." in-falli' for Skin Eruptions, Eczema, Salt theum, Polls, Fever Sores, Scalds, Cuts and Pites, 25c

# FARMER'S WIFE

Mrs. Shepherd Was in Bad Shape When She Could Not Stand on Her Feet.

Durham, N. C.—"I am a farmer's wife," writes Mrs. J. M. Shepherd, of this city, "and have a heap to do." "Four months ago I could not stand on my feet, to do anything much, but at this time I do the most of my work. I took Cardui and it did me more good than all the doctors. \$2300.00

"You don't know half how I thank you for the Cardui Home Treatment. I wish that all women who suffer from womanly trouble would treat themselves as I have."

Ladies can easily treat themselves at home, with Cardui, the woman's tonic. It is easy to take, and so gentle in its action, that it cannot do anything but good.

Being composed exclusively of vege-table ingredients, Cardui cannot lay up trouble in your system, as mineral drugs often do. Its ingredients having no harsh, medicinal effects, and being non-poisonous and perfectly harmless, Cardui is absolutely safe for young and old. Ask your druggist. He will tell you to try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chatta-aooga Medicine Co. Chattanooga, Tena, for Special instructions, and 64-page book. "Home Treatment for Women," sent in plain wrapper, on request. Children Cry

#### When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associ-ated with womanhood seem to be almost a miracle. While in general no woman rebels against what she re-gards as a natural necessity there is no woman who would fards as a natural necessity there is no action of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pale. It establishes regularity, subdues inflam-mation, heals ulceration and cures te-male weakness.

Sick women are invited to consult Dr. Pierce by letter,
free. All correspondence strictly private and sacredly
confidential. Write without fear and without fee to World's Dispensary Medleal Association, R. V. Pierce, M. D., President, Buffato, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing anly, and he will send you a free cupy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

#### The Facts About Pe-ru-na.

The Greenville High School Debat- Dr. J. A. Bush, scoretary of the ing Society at its meeting last night | Hunt County Medical Society, has in-

It would be the easiest thing in the world for any one to demonstrate the falsity of such statements. Let any one go to the drug store and purchase a bot-tic of Peruna. Let him undertake to use it as a beverage, or take this remedy in dozes considerably larger than those prescribed on the bottle. Would the result be alcoholic intextention? Nothing of the sort. Let any one try it and see. Peruna is a medical compound quite heavily loaded with medicinal ingred-

ients. If taken in doses larger than prescribed it would produce a positive drug effect. No one could take it as a beverage. If any one doubts these statements, try it and see. We know that Peruna cannot be used as a beverage; that it will not intoxicate; that it cannot be used as a substitute for liquors. We guarantee that PERUNA CONTAINS NO CHEAP WHISKEY— OR ANY OTHER WHISKEY, for that matter.

It contains a small per cent. of cologne spirits, absolutely essential to dissolve and hold in solution medicinal ingredients, but the drugs contained in Peruna prohibit its use as a beverage. It would be the easiest thing in the world for any one to demonstrate this if they chose to do so.

Peruna is sold everywhere. THE INGREDIENTS ARE PLAINLY

PRINTED ON EACH BOTTLE. It has been said over and over again that chemists have analyzed Peruna and found it to contain only cubebs and whiskey. Now we challenge any chemist to demonstrate any such statement. Let any one who has even a smattering knowledge of chemistry purchase a bottle of Peruna and see whether or not it contains whiskey, find out for himself whether or not it is composed of cheap whiskey and cubebs. Of course, cubebs is one of the ingredients of Peruna, but there are many other ingredients. It contains hydrastis canadensis, corydalis formosa, collinsonia, and at least four other medicinal ingredients. To be sure, no chemist could so anslyze Peruna as to be able to identify the various medicinal ingredients. This is beyond the ability of any chemist. But any ordinary chemist would be able to say that Peruna is heavily loaded with medicinal ingredients of some kind

in addition to cubebs.

Now why are these state gents repeated when their falsity could be so easily demonstrated? Simply because there is continued hostility toward Peruns on the part of the medical profession. Very likely the magazines which took up the crusade against Peruna and denounced it as a cheap beverage were misled by statements of the medical profession. Probably they were sincere in their attitude towards it. But now, after all these things have been said and refuted, it would seem to be in order for such people to use a little fairness and common sense in the matter.

Every time any one says that Peruna is nothing but cheap whiskey and cubebs he is telling a lie, an absolute falsehood. Most people intend to speak the truth. But the prevalent habit of repeating other people's statements, without investigation as to their truth, has led many well-meaning people to

SUBMITTED TO THE PROPERTY SAY these false things about Peruna.

TAX PAYING VOTERS OF THE Used according to the directions on the bottle, PERUNA IS A SAFE AND RELIABLE CATARRH REMEDY, but, like any other good medicine, if taken in excess of those doses, it will produce drug effects very unpleasant to

the person who takes it. It is therefore up to every honest person to quit making such statements concerning Peruna, or acknowledge that he is repeating slanders about which he knows nothing. One might just as well say that Castor Oil is an intoxicant; that if taken in large enough doses it will operate as a "booze." If people never tried to see, but simply repeated such statements about Castor Oil, the majority of people would come to believe them. It is no easier to demonstrate such a statement about Castor Oil than it would be about Peruna.

Any one who takes Peruna knows that such statements are false. To say that Peruna is cheap whiskey and cubebs may constitute good material for jokes on the vaudeville stage, but there is no excuse for any one who pretends to be truthful saying over again this oft-repeated falsehood.
